About Me

I am a passionate and dedicated UI/UX Designer with a strong background in user-centered design principles and a passion for creating intuitive and visually pleasing digital experiences, with hands-on experience in Fintech industry in wireframing, prototyping, and visual design tools such as Figma and Adobe XD. I love design that makes technology accessible for users of all backgrounds, needs, and experiences worldwide.

Work Experience

Part time UI/UX Designer at AfriBDC

Feb 2025 – June 2025

Responsibilities:

Conducted User research, including interviews and surveys to gather insights and inform design decisions for currency exchange mobile app.
Designed wireframes and interactive prototypes using Figma for mobile and web.
Iterated designs based on user feedback after usability testing to ensure seamless user experience.
Collaborated with cross-functional teams to ensure design alignment with project goals and technical feasibility.
Maintaining brand consistency and ensuring design meet accessibility standards.
Developed Design System
